Typing Section. Public Works Department.

The work in the typing section is increasing day by day on account of:-

(i) statements of machinery, village water supply works, Railway priorities, monthly progress reports of works(in tabular form) of Irrign. and village water supply works.

(ii) increase in the noting Branches. (Notes and drafts are required to be typed).

(iii) Consolidation of statements received from the local officers for submission to the R.C.D. or the Govt. of India.

(iv) Notes and drafts below 20 lines are required to be typed according to the orders of the Dy. Secy. (R. & B.), if they are to be submitted, to the H.M.

(v) Number of G.Rs., etc., are required to be reneed here to relieve the pressure on the Press.

(vi) Notes of officers (Dy. Engrs. and Under Secy,) sent to this section.

(vii) U.O. notes of cases received from other Deptts. as well as of this Deptt. cases sent to other Deptts. or to local officers.

(viii) Budget work (during the Budget season) and Appropn. Accounts, etc, work (after the Budget season).

(ix) Electric Grid reports.

(x) Post War Programmes (which include a number of statements).

(xi) Broad of Public Health Works meetings agenda, etc.,

2. The present staff of 12 typists including the Head typist is not able to cope with the work with the result that all ordinary work is kept for the next working day (both fair and notes). It is requested that

four.....

four more typists may kindly be sanctioned to cops with the work. One of the typists is almost daily given to the Stenographers to help in their work of typing. Besides, proceedings of Irrigation Cess, etc.,Committees are required to be typed in the typing section.

Id/-
28-4-48.

Thro' E.B.(II).

3. The above note by the Head Typist explains the necessity for four additional typists in this office, including the one already sanctioned, for which the F.D. has asked for further, justification. The Village Water supply Branch and the Village Approach Roads Branch have now been formed, and the work pertaining to these two subjects transferred to this office from the late C.E.,P.W.D's. office is now in full swing. As anticipated in para. 2 of the office note dated the 12-1-48, additional typists are now quite necessary for this office, and the papers may be refd. u.o. to the P.B. for approval to the creation of three addl. tempy. posts of typists for one year in the first instance, apart from the post already sanctioned within, for which the F.D. has asked for justification.

Id/-
15/5/48.

Work in office hrs. considerably increased and atleast 2 addl. posts of typists, over and above the post for which the F.D. is asking for further information, are absolutely necy.

2. Even with 12 typists there was no question of alloting a typist to each Noting Branch.

Id/-
15-5-48.

ADS/-

There is no doubt that there is an overall increase in typing work. S.W.S. & V:A.R. branches - especially the former, have added an appreciable amount of typing work. It is also true that minutes & draft reports of Betterment Tax Committee did lay a heavy burden. I therefore agree with the S.D.S. that in all 3 additional p parts of typists are required.

Poona 1, 14th October, 1947.

Dear Dhanak,

Your D.O. letter received yesterday morning.

The Village Water Supply subject is at present being dealt in this office with the following establishment.

1, Superintendent. Pay Rs.180 in 170-10-250 grade.
(Mr.N.S.Karandikar. B.A.),
(who also deals with Irrigation and Miscellaneous subject).

1, Senior Clerk Pay Rs.140 in 135-5-115 grade.
(Mr.B.V.Marathe).

1, Junior Clerk. Pay Rs.100 in 95-5-115 grade.
(Mr.A.Y.Phadke.B.A.).

A searcher is attached to the whole branch and he partly helps the above clerks in finding out cases.

Both the clerks have expressed their willingness to go to Bombay for work on the same subject, if called upon to do so, provided they are allowed the Bombay allowance in addition to their existing pays or the Bombay scale suitable to their position. The Superintendent has been lent by the Agricultural Department and if his services are also required in the Secretariat the consent of that Department will have to be obtained for the loan of his services.

Put up with my D.O. to the Secy. for persual.

Office of the Chief Engineer
Public Works Department
Poona dated 15th October 194

Dear Sir,

I am told that Government purposes to transfer the work of Village Water Supply from this office to the Secretariat very shortly.

I am interested in the matter, as I happen to be on of the staff employed on the work in this office. I believe you remember me as the Irrigation Clerk in the Deccan Ittigation Circle. I was transferred to this office in September 1946 and have been employed on the work since then.

I am at present dealing with all questions connecte with the work except compiling the monthly progress reports of Village Water Supply works received from District Local Boards and P.W.D.

My personal emoluments are :-

(1) Monthly basic pay.	Rs. 140-0-0.
(2) Temporary increase.	Rs. 10-0-0.
(3) Dearness Allowance.	Rs. 40-0-0.
Total.	Rs. 190-0-0.

I believe Government will, while fixing my pay on proposed transfer to the Secretariat, take into consideration the extra expenses that I will have to bear viz.

(1) House rent(I am living here in my own house)

(2) Having to maintain two establishments for want of immediate accommodation at Bombay.

Lastly (3) railway & other expenses for having to ma a couple of weekend trips to Poona in a month for house l matter till I secure suitable accommodation at Bombay.

I do not wish to further dilate upon this aspect but would leave the whole matter entirely to your sympathetic judgement. I need hardly emphasise that I shall

Progress reports for the Village Water Supply Works of the whole Province should be submitted by the C.E., P.W.D.'s Office for this month as usual. R.B. Karandikar might be informed on phone about this.

2. As C.E., P.W.D.'s Office has closed down, these progress reports will have to be complied hereafter in the Secretariat i.e. commencing from next month. For this purpose, the staff working in C.E., P.W.D's Office will have to be transferred to the Secretariat enbloc.

3. All the S.Es. and the Presidents of D.L.Bs. and such other agencies as were submitting their progress reports will have to be notified of the fact that C.E., P.W.D.'s Office has closed down and that all the progress reports will have to be addressed to the C.E. I/c. Office of the Chief Engineer,

Public Works Department, Poona.

Sir,

I understand that the Village Water Supply section of the Office of the Chief Engineer, Public Works Department is likely to be transferred to Public Works Department Secretariat, Bombay, shortly. As I am the Superintendent of the Miscellaneous Branch wherein this subject is dealt with I am likely to be transferred to Bombay along with others. In this connection I beg to state as under.

2. I belong to the Agricultural Department wherein I have served for 16 years in different capacities. My services were taken on loan, with my willingness and consent, as Superintendent in the Office of the Chief Engineer, Public Works Department, for one year in the first ~~yuu~~ instance. This period has already passed and the permission of the Agricultural Department for my ~~services~~ further continuance is necessary. I would like to revert to my parent Department after the termination of my services in the Chief Engineer, Public Works Department's Office. The climate of Bombay will not suit me and in view of the domestic difficulties it is not possible for me to leave Poona, and for that purpose I have already applied for four months leave on average pay with effect from 1st November 1947. I earnestly request that I may be granted the leave after termination of which I may be allowed to revert to the Agricultural Department for which I shall remain

greatful.....

grateful. I am hardly in need of leave which may please be sanctioned.

Mr.N.S.Karandakar, who was to be transferred to the Secty. as Supdt. in charge of the Section to be opened to deal with village water supply work wants to revert to the Agrl. Dept. It was settled at the discussion between the Dy. Secy. and R/B. Karandikar that it would suffice if Mr. B.V.Marathe clerk in the C.E., P.W.D.'s. office, is transferred to the Secty. to deal with the work, and that it was not necessary at present to open a separate Section. A Sercher will not therefore be necessary, the clerk may be attached to the Irrign. Branch (II). The Typist's post may be created and filled here. A revised draft letter is accordingly put up for approval in lieu of the one at p.13 ante. The presumption made in para. 2 of the F.D. note is correct. As regards para. 4 of the same note, the proposed reorganisation of Circles will not affect the proposal in these papers relating to the transfer to the Secty. of the village water supply work pertaining to the whole Province previously done in the C.E., P.W.D.'s. office .

4. It seems from O.L., P.W.D. No.7573/36-[illegible] E (II) dated 27-11-47 that temporary typists post has already been sanctioned by that Deptt. when the pp. were last referred to F.D. the P.W.D. had proposed to call for a typist from late C.E.,P.W.D.'s office. It will also be seen from para 3 of F.D. note dated 15-11-47 and the pencil remarks of Asstt. Secy. against it that we had not actually agreed to a typists post. Now that the post has already been sanctioned, it is presumed that no typist is avialable from late L.G., P.W.D.'s office and that there will be sufficient increase in typing work to justify the creation of the post.

Id/-
3-12-47. The PW.D. will have to justify the creation of the addl. post of typist by giving facts & figures & showing the total present strenghh of typists in that Deptt. by Brs.

According to G.R. No.8974/36, dated the 19-12-47, (para 6) regarding the reorganisation of the Circles, the Chief Engrs. and Secys. to Govt. are to deal with village water supply schemes and village approach roads, and for that purposes, the posts of the two Ex. Engrs. attached to the office of the C.E.,P.W.D., are to be transferred to the P.W.D. Sectt. with the following staff under each Ex. Engr:-

1 Dy. Engr.
1 Supdt.
1 Senior Asstt.
1 Junior clerk.
1 Searcher.

two clerks (Messrs.B.V.Marathe and G.N.Satbhai) have been transferred from the C.E.,P.W.D.'s office to the Sectt. to deal with the village water supply and village roads work respectively. All the men in the C.E.,P.W.D.'s office have already been transferred to other offices, and no more men are available for transfer to the Sectt. Messrs. Marathe and Satbhai were Senior Asstts. in the non-Sectt. mofussil scale of Rs.135-5-160 in the C.E./, P.W.D.'s office and have been transferred to the Sectt. in the same scale against the two posts of Senior Asstts. sanctioned in the above G.R. The non-gazetted posts, remaining to be filled are:-

	Scales. Rs.
2 Supdts.	170-10-250.
2 Junior clerks.	70-5-95.
2 Searchers.	50-3/2-70.

The above are non-Sectt. mofussil scales sanctioned for the C.E.,P.W.D's. office. It is assumed that the same are to be adopted for the posts in this office. The posts will be outside the Subordinate Sectt. Service which is recruited through the P.S.Comm. They will be filled in as may be directed. It is understood that Mr. S.G.Dave, who is a Matriculate and a Senior Accounts clerk in the

scale.....

scale of Rs.95-5-115 in the S.E., B.C.'s office, is to be appointed to one of the/ posts by transfer from the S.E.'s. office to deal with village roads work. He is 45 years of age and has over 26 years' service to his credit. It is for consideration to which post he may be appointed.

2. As regards the Asstt. Secy., # F.D's. note # dated the 4-12-47, there are 12 Noting Branches in this office and the ~~xxxx~~ total strength of typists including th Head typist is 12. The additional post of typist sanctioned ~~xxxxxxxxx~~ within is quite necessary due to the village water supply and village roads work transferred to this office. In fact, when this work gets in full swing and 2 additional Branches are opened as already sanctioned above, at least two more typists will quite likely be repuired, for which proposals will be put up later, when necessary.

3. The F.D. may see again and the draft letter put up may then issue, if approved. No, action is necessary in these papers on serial No.53460 and others.

Typing Section. Public Works Department.

The work in the typing section is increasing day by day on account of:-

(i) statements of machinery, village water supply works, Railway priorities, monthly progress reports of works (in tabular form) of irrign. and village water supply works;

(ii) in crease in the Noting Branches. (Notes and drafts are required to be typed);

(iii) Consolidation of statements received from the local officers for submission to the R.C.D. or the Govt. of India;

(iv) Notes and drafts below 20 lines are required to be typed according to the orders of the Dy. Secy.(R. & B.).

(v) Number of G.Rs., etc., are required to be renewed here to relieve the pressure on the Press.

(vi) Notes of officers (Dy.Engrs. and Under Secy.) Sent to this section.

(vii) U.O. notes of cases received from other Deptts. as well as of this Deptt. cases sent to other Deptts. or to local officers.

(viii) Budget work (during the Budget season) and Approph. Accounts, etc., work (after the Budget season);

(ix) Electric Grid reports;

(x) Post War Programmes (which include a number of statements);

(xi) Board of Public Health Works meetings agenda, etc.;

2. The present staff of 12 typists including the Head Typist is not able to cope with the work with the result that all ordinary work is kept for the next working day (both fair and notes). It is requested that four more typists may kindly be sanctioned to cope.....

3. The note overpage by the Head Typist explains the necessity for four additional typists in this office, including the one already sanctioned, for which the F.D. has asked for further justification. The Village Water Supply Branch and the Village Approach Roads Branch have now been formed, and the work pertaining to these two subjects transferred to this office from the late C.E., P.W.D.'s office is now in full swing. As anticipated in para. 2 of the office note, dated the 12-1-48, additional typists are now quite necessary for this office. The papers may be referred u.o. to the F.D. at this stage in connection with 'A' above. The proposal re: the additional three posts required may be left over for the present.

Work hrs. increased considerably and additional typists are no doubt necy. However this question may be held over for the present. The F.D. may see no; U.O. so far as the addl. typist already appointed is concerned. There is no question of allotting one typist to each Noting Branch.

R.Sir,

When I saw the Office Order of permanency of clerk issued by your honour on 12-1-1948 recently I found to my surprise that my name was not included.

I bring to your kind notice the following facts for justification and favourable consideration:-

(1) War Service to my credit is from 31-12-1940 to 28-4-1946 i.e. 5 years 3 months and 28 days.

(2) My War Service is approved. I have actually served in the war theatres at Malaya, Burma Siam i.e. in the Far Eastern Theatres and in support of the same I possess Discharge Certificate. If demanded, I will produce for your perusal.

(3) In the reserved vancancies, persons promoted to permanent establishment, I think, they are junier to me in Army Service as well as in your honour's department, besides they have not at all gone oversees or worked in the operational areas.

(4) I was specially appointed by the Executive Engineer, Bijapur Division, vide his office order No. C-43 dated 9-8-1946, by dismissing an already working temporary clerk against a permanent vacancy and from 10-8-1946 onwards I am working satisfactorily.

(5) Regarding my fitness for promotion, Executive Engineer, Bijapur Division was kind enough to recommend me for permanency, vide his No. C-55, dated 4 February 1947.

Taking.....

Taking into consideration the above furnished genuine facts, I may please be confirmed against a vacancy reserved for War Candidates. I belong to the Intermediate community (Lingayat). I earnestly hope that my request will favourably granted by your honour, for which act of kindness I every pray.

I beg to remain, etc.,

Respected Sir,

With reference to your reply No. C-45, dated 17-1-1948 to my above representation, I beg to bring to your kind notice the following facts:

(1) I am a war candidate from "Approved War Service". I have served Overseas such as in Malaya, Burmah and Siam i.e. in the Far Eastern theatre. I have have 5 years and 4 months war service at my credit.

(2) I have fulfilled almost all the conditions for being made permanent. The Executive Engineer, Bijapur has also recommended me for permanency under his No. C-55 dated February 1947.

(3) As regards my being a member of the I.N.A., I request your honour to vide G.R., P. & S.D., No.4083/3-XIII dated 3rd October 1948.

(4) The persons appointed in the reserved vacancies for war service candidates in your above referred office order, I knew, are junior to me . In my application dated 14-1-1948, my request was to the effect that my case was not considered along with the persons referred to in your office order No. C-44, dated 12th January 1948.

Under the circumstances, I request you to kindly reconsider my case to appoint me on the Permanent Establishment along with the persons, vide your office order referred to above, for which act of kindness I ever remain grateful.

Promotion to Permanent Establishment of C.A.Bhoj (Ex-serviceman), Officiating Clerk in the Office of the Executive Engineer, Belgaum Division.

Respected Sir,

I most humbly beg to draw your honour's kind attention to your Office Order No. G-55, dated 12th January 1948 and to bring to your kind notice the following facts:-

(i) I am a candidate from "Approved War Service". I served overseas such as in Malaya, Burma and Siam, i.e. in the Far Eastern Theatre. I have 5 years 3 months and 28 days war service at my credit.

(ii) I have fulfilled almost all conditions required for bringing me on permanent establishment.

(iii) The 4 Ex-servicemen brought on permanent establishment against "Reserved" vacancies for war Service candidates in the office order referred to above, are junior to me in the Army ~~xxxfx~~ service as well as in your honour's department.

(iv) I represented my case to your honour, but no consideration has been given to my case. I regret to state that I did not even received any reply to my applications dated 13-3-1948. and 30-4-1948

(v) According to the confirmation of 4 Ex-servicemen in the office order referred to above, my seniority is certain to be affected.

(vi) Am I to take your silence over my representation as a refusal to bring me on permanent establishment and grant me my due seniority, as I was a member of the Indian National Army? In this conncection I draw your

honour's kind attention to Para 2 of the G.R., P & S.D., No.4083/34-XIII, dated 3rd October 1946.

In view of the above facts, I most humbly request your honour to kindly bring me on permanent establishment against one of the "Reserved" ~~xxxxx~~ vacancies for war service candidated and see that my seniority is not over ridden in any ~~war~~ way. I had to wait patiently for about more than 6 months for my case not being considered. I earnestly hope that justice is not denied to me and my case will receive your kind and favourable consideration and you will be kind enough to inform ~~x~~ me accordingly, so that I may need not approach higher authorities. Subject:- Representation:

Promotion to Permanent Establishment of C.A.BHOJ (Ex-serviceman) Offg: Head Clerk in the office of the Executive Engineer, Belgaum Division.

Respected Sir,

I most humbly beg to draw your honour's kind attention to the Superintending Engineer, Southern Circle, Belgaum's Office Order No. C-55, dated 12th January 1948, and beg to bring to your honour's kind notice the following facts:-

(1) My name was not included in the Office Order referred to above, wherein four ex-servicemen, who are junior to me in Army service as well as in Public Works Department, were confirmed against "Reserved" vacancies for war service candidates. This fact was repeatedly brought to the notice of the Superintending Engineer, S.C. in my applications dated 14-1-1948, 13-3-1948, 30-4-1948 and 9-7-1948 (copies of which are enclosed herewith). I regret to state that I did not even receive any reply to my applications dated 13-3-48, 30-4-48 and 9th July 1948.

(2) The reply received from the Superintending Engineer, S.C. to my application dated 14-1-1948 was quite vague, wherein it is stated that the question of appointing Ex-servicemen to Permanent Posts of clerks would be considered on receipt of information called for in his office No. C-55, dated 12th January 1948 (Copy of which is enclosed herewith). But already 4 Ex-servicemen were confirmed in the same office order referred to above, wherein my name was deleted. I am at a loss to know how those 4 Ex-servicemen were confirmed in the absence of information called for by the Superintending Engineer, S.C. and only my case was kept pending(Pending?). Why my case was not considered along with them? and this point was.....

was repeatedly raised in my applications.

3. In absence of any reply to my applications dated 13-3-48, 30-4-48 and 9th July 1948, from the Superintending Engineer, S.C., I am at a/ loss to understand whether there is any objection to my case being considered favourably or deliberately dropped, when I have fulfilled ~~xx~~ all conditions for bringing me on permanent establishment.

(4) I was a member of the Indian National Army and Government of Bombay were kind enough to put the I.N.A. personnel on an equal footing, if not on special footing with other Ex-servicemen under the existing orders (please vide G.R., Political and Services Department, No.4083/34-XIII dated 3rd October 1946). I never intend to over ride others rights and I am not willing to see that similarly my rights are not over ridden by others.

(5) I wish to reproduce the concluding portion of my last application dated 9th July 1948, addressed to the Superintending Engineer, Southern Circle, Belgaum, which reads as under:-

"In view of the above facts, I most humbly request your honour to kindly bring me on permanent establishment against one of the "Res-erved" vacancies for war service candidates and see that my seniority is not over ridden in any way. I had to wait patiently for about more than 6 months for my case not being considered. I earnestly hope that justice is not denied to me and my case will receive your kind and favourable consideration and you will be kind enough to inform me accordingly, so that I am may need not approach higher authorities. Hoping to be excused for the troubles".

In view of the above facts, I earnestly and honestly hope that justice is not denied to me and my case will receive your honour's kind and favourable consideration along with the 4 Ex-servicemen in the Superintending Engineer; Southern Circle's office

Sub:- Revision of pay ~~xx~~ scales-

On the closing of the Project Circle, Poona, M/s A.Y.Phadke and V.K.Sabnis were transferred to this Circle by the Superintending Engineer, Project Circle as per his office order No.92 dated 2-1-48 in accordance with the orders of Government issued in ~~/~~ C.P.W.D. Letter No.7573/36-E-II dated 27th Dec. 1947.

2. It is observed that the above two clerks had put in about 1½ years' service in the Project Circle prior to their appointments here. Mr. Phadke was straightway appointed to the S.A.C's grade viz., Rs.95-5-115 (Revised Rs. 100-10-140-10 -150) and ~~/~~ Mr. Sabnis was appointed to the grade of Rs.70-5-95 (Revised Rs.92-8-140½ on temporary ~~xxxxxxxxxxxx~~ establishment. In the ordinary course they should have been appointed to the lowest grade of Rs.25-5/2-65 (Revised Rs.46-3-85-4-105). Presumably, however on account of the non availability of suitably qualified hands for the Temporary Departments, M/s Phadke and Sabnis might have been appointed to the higher grades.

3. As they were employed in this office at the time of the revised pay scales came in force, the arrears due to them on account of the revision of pay scales are to be drawn in this office as per C.C.P.D.No.6567/33 dated 2-8-48. Necessary details in respect of their previous services inthe Project Circle have been obtained from the Executive Engineer, Designs Division. However as the clerks in question were straightway appointed to the higher grades and not to the lower grade which generally happens in the ordinary course,

it is.....

it is for consideration whether their pays should be fixed in the corresponding higher grades viz., 100-8-140--10-150 (in case of Mr.Phadke) and Rs.92-8-140 (in case of Mr.Sabnis) or in the lower grade prescribed namely Rs.46-2-85-4-105. I may kindly be advised in the matter early as the clerks are pressing for payment.

The letter No.S.55/8979, dated 29-12-48 from the S.E.N.G. Circle is quite self-enplanatory. As the clerks M/s. A.Y.Phadke & V.K.Sabnis were appointed as clerks straight away on the higher grades viz. Rs.95-5-115, & Rs.70-5-95 respectively, it is but logical that on the revision of the pay scales, they pays are to be fixed in the corresponding higher grades viz.
